

RISE

A 30-DAY CHALLENGE

Men, Let Us RISE.

RISE™ is a collaboration of individuals and organizations who wish to cast a wide net to awaken today's man. Our goal is simple: to use powerful media as a tool to present the true path to freedom and peace by challenging men to live the fullness of their vocation every day; at home, at work, and in their communities. We are creating a tool that those in ministry can use to draw men in, while at the same time strengthening and inspiring their current members.

RISE gives men a battle plan for daily living, while walking alongside them each day. When men understand their profound dignity as sons of God, and are re-oriented towards what really matters, the impact on themselves and those around them will be significant.

Men are encouraged to walk with a brother (friend/relative) through the 30-day challenge. In forming these relationships around a common battle, men will hold each other to a higher standard, and true Christian brotherhood will be born.

RISE is for every man, whether they're just seeking, or have been well-formed, because it takes them deep into their own hearts, and challenges them to make what they've learned practical. The results are nothing but life-changing.
